## PH.D OPPORTUNITY IN TRANSLATIONAL MEDICINE

### [www.tm-pte.org](http://www.tm-pte.org)

[http://www.tm-pte.org/jobs\\_studentships](http://www.tm-pte.org/jobs_studentships)

All projects would be in gastroenerology.

#### **Initial phase (around 6 months):**

Learning process in Pécs, translating the relevant registries, forms into native languages.

#### **Middle phase (around 2 years):**

Recruiting patients to the registries and to the currently running clinical trials in the home city.

#### **Late Phase (around 1 year):**

Data analysis from the uploaded data, recruiting patients, planning observational and/or interventional trials and lead it to be a registered one.

#### **Closing Phase(around 6 months):**

Writing up the thesis.

**Salaries:** 600 Euros/month + travel costs between home city and Pécs + additional work related costs (laptop, etc), + support for attending courses.

**Scientific Benefits:** high international visibility, large amount of publications (predicted amount 3-4 first author, 10-20 coauthor in Q1 journals (around 50-70 IF).
