Dear Professor Hegyi,

The observational, multicenter prospective research project named "Pain IN Early phase of Pediatric Pancreatitis (PINEAPPLE)" has been submitted for ethical review. This project was considered by the Scientific and Research Ethics Committee of the Medical Research Council at its meeting held on 11<sup>th</sup> November 2014.

I am pleased to advise you that the Scientific and Research Ethics Committee of the Medical research Council has granted ethical approval of this research project.

Yours faithfully,

  
Prof. Dr. Zsuzsa Schaff  
Member of the Hungarian Academy of Sciences  
Chair of Scientific and Research Ethics Committee,  
Medical research Council
